2020

Secondary(WBBSE) - Percentage - 78.57%

Howrah, West Bengal

RELEVANT COURSEWORK

- DSA
- OOPS Concepts
- Computer Networks
- Computer Architecture

PROJECTS

Image Explorer 📄 | HTML, CSS, JavaScript, Unsplash API

Sep 2025

- Developed a web-based image search tool that retrieves and displays images from the Unsplash API.
- Created a clean and responsive interface using HTML, CSS, and JavaScript for better user interaction.
- Used asynchronous requests (Fetch API) to load images efficiently and improve overall performance.

Personal Portfolio Website 📄 | HTML, CSS, JavaScript

Aug 2025

- Designed and developed a responsive personal portfolio website to showcase projects, skills, and contact details.
- Implemented interactive features and dynamic elements using JavaScript for enhanced user experience.
- Applied clean UI/UX design principles with semantic HTML and reusable CSS for better maintainability.

Amazon Clone Website 📄 | HTML, CSS

Jul 2025

- Designed and developed a static clone of the Amazon website to practice front-end web development concepts.
- Built structured layouts for homepage, product sections, and navigation bar using semantic HTML.
- Styled pages with CSS to replicate Amazon's UI and applied responsive design for different screen sizes.
